Zero degrees. Maximum protection for ingredients
The 9000 LongFresh Fridge compartment creates a dedicated environment for delicate produce, providing an area colder than the fridge, chilled to 0°C. Perfect for preserving meat, fish, or any fresh food.

Product Benefits & Features

Maximum ingredient care. With LongFresh
LongFresh 0°C compartment provides maximum environment for protecting your key ingredients. Area colder than the fridge making it the right zone for finer produce. Customize to best preserve meat and fish, or fruit and vegetables.

New-era innovation. Unique fridge with recycled plastic
A new era of cooling is here. Introducing our fridge with an inner lining made of 70% recycled plastic. Plastic from discarded fridges is used to make new ones, helping reduce waste thorugh circularity.

*Inner liner rHIPS made with up to 70% recycled plastic representing 13% of total fridge plastic"

Stable temperatures, with MultiFlow
MultiFlow protects the quality of food by maintaining stable temperature and humidity in the whole fridge. Multiple air channels enable an active circulation of cold air reaching every corner.

Audible Door Alarm
The Door Alarm alerts you if your appliance door is left open for certain amount of time, so you can close it promptly.

Soft-closing door for smooth and quiet closing every time
Accurately crafted soft-closing door hinges help to prevent an accidently open fridge door that can lead to wasted energy and spoiled food by ensuring a snug, secure and quiet experience when closing the door.

- Open door alert: Audible & visual.
- Coolmatic: Quickly chills large amounts of fresh food, preserving flavour, colour, and nutrients. Ideal for party food and drinks. Coolmatic automatically switches off after a set time, returning the fridge to its original temperature.
- Drawers on telescopic gliders
- Fixed door on door fittings: A cupboard door, matching your kitchen units, can be mounted directly onto the appliance door.
- Auto defrost: The refrigerator defrosts itself automatically, saving you the chore of doing it yourself - and it's energy efficient too.
- MultiFlow: Temperature and humidity is maintained and stable, with multiple air channels ensuring even cooling throughout the fridge.
- Designed and manufactured in Europe by AEG.
